School Level	Educational Level	Awarded Body	Awarded Years	CGPA
1st,2nd & Prep	Grade 1-8; 9-10; 11-12	Goba Schools	1993-2004 E.C	-
University	B.sc Degree in Electrical and Computer Engineering	Dire Dawa University	June 29, 2017 G.C	**3.46**
University	Master's Degree in Business Administration (MBA)	Rift Valley University	August 26, 2022 G.C	**3.97**

2.1 FIELDS OF SPECIALIZATION & PROFFESSIONAL CERTIFICATES:

Fields of Specialization with Certifications and Verification Links	Offered by	Awarded Years	Approximate Time Taken to Complete:-
DevOps and Software Engineering	IBM	25-Apr-23	6 months at 5 hours a week
Full Stack Software Developement	IBM	26-Mar-23	8 months at 5 hours a week
Database Engineering	Meta	3-Mar-23	6 months at 6 hours a week
Web Application For Every Body	Michigan University	14-Jun-23	5 months at 5 hours a week
Cyber-Security for Business	Colorado University	25-Aug-22	5 months at 2 hours a week
Data Science/Engineering/Analyst	IBM	10-May-23	5 months at 3 hours a week
DevOps, Cloud, and Agile Foundation	IBM	7-Jan-23	2 months at 4 hours a week
Information Technology (IT) Support	Google	7-Aug-2023	12months/5 hours a week
Digital Transformation	Ethio Telecom	26-Jun-21	

3. EXPRIENCES/CAREERS:

Positions	Years	Organizations
Contact Center Advisor	09-May-2018 to 01-Dec-2020	Ethio Telecom
Fixed Network Performance Analyst	01-Dec-2020 to 05-Aug-2023	Ethio Telecom

4. TECHNICAL SKILLS, SOFT SKILLS, ACHIEVEMENTS AND MOTTOS:

Databases Skill: - MySQL, Maria DB, MongoDB, Oracle, and Cloud Computing Services.

Code, Web, Research & Project Management Tools: Git & GitHub, Zen-hub, SPSS, Terminal, Apache Neat bean, Notepad++, Sublime Text, Python, Jupyter Notebook, spreadsheet /Excel and Power point.

Computer Programming Languages: - PHP, PYTHON, HTML, CSS, JAVA-SCRIPT, SQL, OOP & C/C++

Frameworks: Node.js, React.js and Django

Soft Skill: Analytical, Critical Thinker, Flexible, Creative, Innovative, Ethical and Sociable

General Skills: Techno-Business, Managerial and Leadership Skills

Achievements: **Refer to these links: https://www.linkedin.com/in/abdulmalik-mama-2517b5235/ and https://abdulmalikmat.github.io/hiremeportfoliocv/ Click to Download My Full CV in pdf**

My Motto: Aligning ethical working procedures, human capital, and preferred digital systems, along with effective ethical leadership and management styles, is the best way to increase revenues and profits, foster a sense of ownership among staff, satisfy customer needs, and reduce the high investment of time, energy, and costs. As the CEO of my businesses, I believe in implementing these ethical strategies for success.

5. APPLICATION LETTER

To   **DATE:**

Subject: Job Application

My diverse skills in Techno-Business, Managerial, and Leadership have been nurtured through my educational background in Masters of Business Administration (MBA), Electrical & Computer Engineering, Devops & Software Engineering, Database Engineering, Full Stack Software Development & Web Applications, and Information Technology (IT). Additionally, my professional experiences above 5 years in Ethio Telecom as Customer Support/Agent, Business Performance Analysis, and Data Monitoring & Analysis have further honed my expertise. These skills empower me to critically bridge the gaps between technical and business management, contributing to Organization run in digital transformation.

I have acquired multiple tasks of skills in management of various types of company's operations in terms of database management system improvement, information system integration, fraud mitigation techniques, researches and analysis, troubleshooting/monitoring the system in real time concerning the operational activities of the company's performances, preparing proposals, business plans and reporting on company's performances and providing feedback/recommendation for future improvement. As My Motto: Aligning ethical working procedures, human capital, and preferred digital systems, along with effective ethical leadership and management styles, is the best way to increase revenues and profits, foster a sense of ownership among staff, satisfy customer needs, and reduce the high investment of time, energy, and costs. As the CEO of my businesses, I believe in implementing these ethical strategies for success. I have personal characteristics and leadership skills, including interest in digital economy, attention to detail and quick understand and right decision making skill, organizational skills, flexibility, creativity, sociability, and ability to do multitask at a time and generate innovative ideas. I am the CEO of my businesses. These all gives the company strong values and excellent Telecom service. From now onwards, I want to be share and invest my soft and hard skills to your objectives and it is my great pleasure and interest to be part of your organization to achieve your stated interest, mission and strategies as you mentioned.

Therefore, if you will give a chance to me to join your esteemed organization; I would like to assure you that I will work to your contentment, fulfillment of your objective and my satisfaction indeed. If I have the opportunity to get the stated Job, I am the CEO of my businesses. For more detail of my academic background, Skills and personal information; I have attached with my CV. I hope that your organization allow me to be part of your personal staff and will be an invaluable asset for your organization. You can contact me any time convenient for you. Thank you for your time and consideration. I look forward to hearing from you.

Yours Sincerely;

Abdulmalik Mama Tefo

6. RECOMMENDATION LETTER

TO WHOM IT MAYCONCERN

It gives me a great pleasure to write this letter of recommendation for my former student Mr.ABDULMALIK MAMA TEFO in Dire Dawa Institute of Technology department of Electrical and Computer Engineering for last five years. I have taught him his more than two courses on which he scored good grades. I found him one of the motivated, hardworking and sociable students of the department. He had also involved in various team works and accomplished his responsibilities with good capacities of working with others. He is polite, disciplined and with no bad habits. He is opened minded and keen to learn and understandable more. He has excellent communication skills and can overcome any difficulty in every circumstance. Thus, giving opportunities to such student is rewarding.

Therefore, I am confident enough to recommended Mr. ABDULMALIK MAMA TEFO for any further research and advanced studies, where He would be able to practically prove his well-funded theoretical knowledge accumulated over the years.

Abdulmalik Mama Tefo

has successfully completed the online, non-credit Professional Certificate

Rav Ahuja
Global Program Director,
Skills Network

IBM DevOps and Software Engineering

In this Professional Certificate, learners developed essential knowledge and skills to perform the many tasks in an entry-level DevOps practitioner role. By completing over a dozen courses and projects in the program, the earner of this Professional Certificate has demonstrated a firm grasp and practical experience to: adopt a DevOps mindset in Software Engineering using Agile and Scrum methodologies and Cloud Native tools and technologies. The holder can develop applications in Python, automate tasks using Shell scripts, use collaborative coding platforms like GitHub, compose applications using Microservices, deploy them using Containers (Docker/Kubernetes/OpenShift) & Serverless technologies; and employ tools for Automation, Continuous Integration (CI) and Continuous Development (CD).

The online specialization named in this certificate may draw on material from courses taught on campus, but the included courses are not equivalent to on campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Aug 25, 2022

Abdulmalik Mama Tefo

has successfully completed the online, non-credit Specialization

Cybersecurity for Business

In this specialization, learners learned how to apply practical computer security through understanding threats and mitigating those threats. Learners dove into today's data breaches and were able to research how data breaches occur and researched how to better defend their own networks and systems. Finally, learners gained hands-on proactive security skills by examining the penetration testing process and compromising live systems. Learners developed the skills necessary to apply computer security, practically in the workforce.

Abdulmalik Mama Tefo

has successfully completed the online, non-credit Professional Certificate

IBM Data Science

In this Professional Certificate, learners developed and honed hands-on skills in Data Science and Machine Learning. Learners started with an orientation of Data Science and its Methodology, became familiar and used a variety of data science tools, learned Python and SQL, performed Data Visualization and Analysis, and created Machine Learning models. In the process they completed several labs and assignments on the cloud including a Capstone Project at the end to apply and demonstrate their knowledge and skills.

has successfully completed the online, non-credit Specialization

DevOps, Cloud, and Agile Foundations

Introduction to DevOps
Introduction to Cloud Computing
Introduction to Agile Development and Scrum

In this Specialization, learners developed foundational knowledge in DevOps, including the culture, technology, and skills needed to succeed as a DevOps practitioner. This Specialization also familiarized learners with tools and technologies used by DevOps practitioners. Completers of this Specialization should be able to: Define Cloud Computing and explain its essential characteristics, models, benefits, infrastructure, & emerging trends, and create a cloud account; Describe the DevOps culture, its benefits, and its associated skills, technology, tools, processes, methodologies, and metrics; Explain the Agile philosophy, how to work as an Agile team, and Scrum methodology, including the roles, meetings, rules, and artifacts; and how to write user stories and execute Sprint Plans.
